RE: Walker Commercial Interiors, Inc.

To Whom It May Concern:

As Group Manager for Jones Lang LaSalle, I have had the pleasure of working with the team from Walker Commercial Interiors on numerous construction projects for tenant and base building work. They have worked directly for me and through general contractors.

In all occasions, Walker is one of the most professional companies in South Florida. They have consistently provided quality workmanship, on-time performance and solid recommendations for dealing with unanticipated field conditions.

Should you have any questions, please let me know.

Respectfully,

Joseph J. Leone, CPM, RPA
Vice President/Group Manager
