*Construction Company*

1/15/18

Walker Commercial Interiors,

As acting superintendent for multiple Clune South Florida Projects, I'd like to express our gratitude for you and your team's constant professional representation on our projects. Your team has always performed to top levels of construction processes from Project Management, Superintendent, Foreman and Skilled Tradesmen.

Going the extra yard is never an issue for the Walker Team and is always appreciated with our expedited schedules and constant changes within today's ever changing project scopes.

Sincerely,

Michael Mavraganes

Project Superintendent

Clune Construction South Florida
